

CERAMICA

This top-of-the-line kitchen, will propel your kitchen ideas into the coming century. Simplistic and enchanting at the same time. The highlight, no doubt, is the Neolith ceramic shutters and countertop.

The minimalistic looks and subtle shades of this superb kitchen are matched only by the ruggedness and durability that ceramic brings to the party. Teamed with high-tech features like Servo-Drive, two-way lighting, built-in new age appliances and international storage accessories... Ceramica leaves nothing to desire.

Features

- Widest range of shutter finishes to choose from in Neolith, Glass and Lacquered Shutters. Choose a single finish or combine two.
